

## A week in Haiti

**Author :** Ryan

**Date :** October 5, 2017

In September I was in Haiti planning for 2018 with Richard and Kelly Green and Larry Russell from Builders International.

**We took the opportunity as well to stop by 2 of the locations we have helped build in the past as well as one project currently underway.**

### **Vauldrieu School Site Visit**

We help build a school and church in this secluded village after the 2010 earthquake. It was exciting to see the school in use with over 150 students!

### **Delmas 33 School Site Visit**

Pastor Nicolas now has over 350 students in attendance at the school!

## **Camp Canaan Church - Now Underway**

We are now continuing to move forward with the church in [Campa Canaan](#) planning to be complete in 2018.

[Camp Canaan Project](#)

**Thank you for your continued partnership with Laci and I as you allow us to continue in our work with [Builders International!](#)**

**Ryan and Laci Moore**
