

# Children's Ministry in Chile

**Author :** Ryan

**Date :** May 30, 2015

[Jim and Ester Mazurek](#) have been reaching children and raising up leaders in the country of Chile since 1984. Ester founded the Santiago Children's Ministry Outreach Center that today is reaching out to help the under-served, abused and trafficked children.

x

I had the pleasure of meeting Jim and Ester while learning about their work and the construction project under way. In Santiago 70% of the children born outside of marriage, as a result child abuse runs rampant. Today this children's ministry has grown to include a church congregation, foster care and placement, and coming soon a [Latin America Child Care](#) school.

We are coming on board to help Jim and Ester during this critical stage of expanding the ministry facilities to increase their capacity to minister to the children of Santiago.

**Construction teams are now being scheduled starting March 2016.** For more about the project and how to get involved:

Thanks for allowing Laci and I to pursue our passion of building facilities that help people!
