Please Join Me!

I would like to invite you to join me for the next graduation ceremony at the Bible school in Nepal, April 24th to May 2nd!

[Register for Nepal](#)

We will have the privilege of attending the graduation ceremony, plus, meeting the school leadership, and touring the vibrant city of Kathmandu. (Plus, a fun overnight surprise stop on the way home that you definitely don't want to miss!)

Church Growth

This school is a shining beacon of light, training ministers in an unreached country, where the Church is currently experiencing supernatural growth! All this in the face of real opposition in a Hindu nation.

There has been huge progress on the project thanks to the generosity of many teams and financial contributors. In fact, the primary structure of this six-floor building is now complete. Windows, doors, and interior work are beginning on the lower floors.

Will you joining me on this Legacy Team? We will focus on fundraising in support of the women's dorm facility.

More details and registration available here...

Here is a look at where the building is now!

Thank you for your prayer and financial support of Team Moore as we serve with Builders International.

Ryan
