

Teams in Honduras, Mexico, And Brazil: Helping People

Author : Ryan

Date : May 31, 2018

What A Week!

Over the next week we have the privilege of mobilizing teams to work in Honduras, Brazil and Mexico.

One week from now...there will be a new church building in Honduras, a new church building in Brazil along the Amazon river, and great progress in Mexico on a Bible school!

In Honduras:

Building church #107...for the [Honduras 100+](#) project!

In Brazil:

Building church #90 with missionary Mark Lemos for the [Amazon church construction](#) project! (And how cool is it that this a team with several members from South Texas, including **my dad, Tom Moore**, Manny Martinez of Family Life Assembly of God in Katy, TX, and friends from New Beginnings in Evadale, TX!)

In Mexico:

Moving construction forward on the [Morelia Bible Institute](#)!

The willingness of others to give of their time and finances to travel around the world and work hard for no personal gain continues to be an inspiration to me!

Thank you for your partnership in financial and prayer support as we continue to lead and seek opportunities to grow the influence and impact of Builders Internatinal around the world.

Let's build hope!

Ryan
